State HAVA Funding Reports U.S. Election Assistance Commission 1225 New York Avenue, NW – Suite 1100 Washington, D.C. 20005

RE: Title I, Section 101 and Section 102 Financial Reports

Dear Election Assistance Commission:

Pursuant to your request, I have detailed how Tennessee spent the monies under Title I, Section 101 and 102. The information provided below only describes the expenditures made between the months of January 1, 2004 and December 31, 2004. This packet also includes the Standard 269 financial reports for Sections 101 and 102.

Because Tennessee has not yet purchased voting machines to replace punchcard and lever machines, Tennessee did not spend any of the Section 102 grant money during the months of January 1, 2004 and December 31, 2004.

TITLE I Section 101

- Computerized Statewide Voter Registration List
 - a. Use of Funds: According to Title I, Section 101(b) (A) funds shall be used to comply with Title III. Title III, Section 303 requires each state to have a statewide voter registration list.
 - b. Activities Funded and how those activities conform with our State plan: Tennessee has implemented upgrades to the current statewide voter registration system. These upgrades will help to bring the voter registration system into compliance with the HAVA requirements. To implement the upgrades, the state coordinator hired a computer information systems employee. The information systems specialist oversees the changes being made to the current voter registration system and works with Tennessee's 95 counties to implement the new system.

c. Amount of Funds: During the 2004 calendar year, Tennessee spent \$116,577.38 toward the statewide voter registration system. This amount includes salary, benefits, retirement and travel expenses.

2. Voting Information Posters

- a. Use of Funds: According to Title I, Section 101(b) (A) funds shall be used to comply with Title III. Title III, Section 302 requires each state to post certain information at each polling place on election day.
- b. Activities Funded and how those activities conform to our State plan: The state coordinator's office created a poster that contained all of the information required by HAVA and shipped the posters to each of the 95 counties in Tennessee. On election day, the local county election commission offices post the posters at each polling place within its jurisdiction.
- c. Amount of Funds: During the 2004 calendar year, Tennessee spent \$951.78 to print and ship the required poster.

3. Provisional Voting

- a. Use of Funds: According to Title I, Section 101(b) (A) funds shall be used to comply with Title III. Title III, Section 302 requires each state to implement provisional voting.
- b. Activities Funded and how those activities conform to our State plan: To implement provisional voting, the coordinator of elections contracted to have provisional ballot boxes built and then shipped to each county the number of provisional ballot boxes necessary to equip its polling places.
- c. Amount of Funds: During the 2004 calendar year, Tennessee spent \$220,800 to implement provisional voting.

4. Training Seminars

- a. Use of Funds: According to Title I, Section 101(b) (A) funds shall be used to comply with Title III. Title III requires each state to train election officials on the requirements and provisions of HAVA.
- b. Activities Funded and how those activities conform to our State plan: The state coordinator conducted both statewide and regional seminars to train election officials on the requirements of HAVA. During the training programs, election officials received concentrated training on provisional voting and voter accessibility issues. The coordinator also made available
